

Original Makgeolli

It is a traditional Makgeolli made with clean water, carefully selected rice, and nuruk.

01. FRESHNESS

"Double Fermented, Modern Fresh"

We enhanced the freshness of Makgeolli by combining the pleasant acidity from lactic acid fermentation with our specially cultivated yeast.

Dual Fermented Triple Lactic

02. HEALTHY CHOICE

Healthier Benefits Dual Fermented

It is richly packed with beneficial components, including lactic acid bacteria generated during the rice and lactic acid fermentation.

03. INNOVATIVE DESIGN

Preserving Quality Through New Design

The full-shrink label wrapping the entire bottle locks in and maintains the fresh taste of freshly brewed Makgeolli.
